THE PIOCHE DAILY RECORD

TAKING COLD.—If a cold settles on the outer covering of the lungs, it becomes pneumonia, inflammation of the lungs, pneumonia, inflammation of the lungs, or lung fever, which in many cases carries the strongest man to his grave within a week. If cold falls upon the inner covering of the lungs, it is pleurisy, with its knife-like pains, and its slow, very slow recovery. If a cold sattles in the joints, there is rheumatism, with its agonies of pain, and rheumatism of the heart, which in an instant sometimes snaps the cords. in an instant sometimes snaps the cords of life without any friendly warning. It is of the utmost practical importance, then, in the wintry weather, to know not so much how to cure a cold as to avoid it. Colds always, come from one cause. semetimes part of the whole body being colder than natural for a time. If a man will keep his feet warm, and never allow himself to be chilled, he will never take cold in a lifetime; and this can only be accomplished by due care in warm clothing, and the avoidance of drafts and un-due exposure. While multitudes of colds come from cold feet, perhaps the majority arise from cooling off too quickly after becoming a little warmer than natural from exercise or work, or from confinement to a warm apartment.—Wood's Household Magazine.

GULLEY.—John B. Darling, alias Rat-tlesnake Dick, and William Chamberlin were yesterday found guilty of highway robbery, in the District Court at Daytou. It will be remembered that these men stopped and robbed Col M. N. Stone of this city. Darling and Chamberlin have both had some experience as convicts— the former being pardoned out a little over a year ago, after serving five or six years, and the latter, after serving two years on a life term, having got out on a new trial.—Virg. Chroniele, 15th.

Sheridan agreed with Walker that the pronunciation of wind should be wynd, but insisted contrary to Walker, that but insisted, contrary to Walker, that gold should be goold. Sheridan tells us that Swift used to jeer those who pro-nounced wind with a short i, by saying, "I have a great minn'd te fina'd why you prohounce it winn'd." An illiberal critic retorted this upon Sheridan, by saying, "If I may be so boold, I should like to be toold why you pronounce it
